COMMONWEALTH OF VIRGINIA

STATE CORPORATION COMMISSION

AT RICHMOND, OCTOBER 4, 2002

APPLICATION OF

BULLSEYE TELECOM OF VIRGINIA, LLC

CASE NO. PUC-2002-00129

For a certificate of public
convenience and necessity to
provide local exchange
telecommunications services

FINAL ORDER

On July 1, 2002, BullsEye Telecom of Virginia, LLC ("BullsEye Telecom" or the "Company"), filed an application for a certificate of public convenience and necessity with the State Corporation Commission ("Commission") to provide local exchange telecommunications services throughout the Commonwealth of Virginia.

By Order dated July 22, 2002, the Commission directed the Company to provide notice to the public of its application and directed the Commission Staff to conduct an investigation and file a Staff Report. On August 28, 2002, the Company filed proof of publication and proof of service as required by the July 22, 2002, Order.

On September 12, 2002, the Staff filed its Report finding that BullsEye Telecom's application was in compliance with the Rules Governing the Offering of Competitive Local Exchange

Telephone Service. Based upon its review of BullsEye Telecom's application, the Staff determined it would be appropriate to grant the Company a certificate to provide local exchange telecommunications services subject to the following condition: should BullsEye Telecom collect customer deposits, it shall establish and maintain an escrow account for such funds, held in a Virginia office of a duly chartered state or national bank, savings and loan association or savings bank, or credit union that is unaffiliated with the Company and shall notify the Division of Economics and Finance of the escrow arrangement at its inception and of any subsequent change. Any escrow arrangement established pursuant to this requirement shall be maintained until such time as the Staff or Commission determines it is no longer necessary.

NOW THE COMMISSION, having considered the application and the Staff Report, finds that the Company should be granted a certificate to provide local exchange telecommunications services.

Accordingly, IT IS ORDERED THAT:

(1) BullsEye Telecom of Virginia, LLC, is hereby granted a certificate of public convenience and necessity, No. T-591, to provide local exchange telecommunications services subject to the restrictions set forth in the Rules Governing the Offering

of Competitive Local Exchange Telephone Service, § 56-265.4:4 of the Code of Virginia, and the provisions of this Order.

(2) The Company shall provide tariffs to the Division of Communications that conform to all applicable Commission rules and regulations.

(3) Should BullsEye Telecom collect customer deposits, it shall establish and maintain an escrow account for such funds, held in a Virginia office of a duly chartered state or national bank, savings and loan association or savings bank, or credit union that is unaffiliated with the Company and shall notify the Division of Economics and Finance of the escrow arrangement at its inception and of any subsequent change. Any escrow arrangement established pursuant to this requirement shall be maintained until such time as the Staff or Commission determines it is no longer necessary.

(4) There being nothing further to come before the Commission, this case shall be dismissed and the papers filed herein placed in the file for ended causes.
